Spacious 4-room apartment with a total area of 80 m2. Functional layout: 4 rooms, kitchen, bathroom. The apartment is in a residential condition, it is also an excellent option for those wishing to realize their design ideas. The apartment is three-sided and at the same time has several interesting architectural unique details of that era: brick walls 70 cm thick; an interesting element of the interior can be an autonomous heat source - a fireplace! (there is a chimney); second entrance. From the windows you can see the Cathedral of St. Alexander, the Ministry of Foreign Affairs of Ukraine. High ceilings 3, 6 meters give a feeling of freedom, lightness and airiness. Decent neighbors. Closed courtyard with a barrier with its own parking! Metro "Maidan Nezalezhnosti" - 4 minutes walk.
